

2025 Waypoint

VANCRAFT

Quality

VANCRAFT

Not Your Grandfather's RV

We're setting a new standard for recreational vehicles through exceptional quality and unmatched convenience, giving the world more time to connect with what is truly important in life.

Premium Birch Cabinetry

The perfect blend of durable and refined elegance.

White Oak Countertops

Meticulously crafted; robust and timeless.

Weather-Proof Vinyl Flooring

Built to withstand the elements, offering both durability and style.

Maple Walls & Fabric Ceiling

Rich grain and soft linen patterns blend seamlessly to create an ambiance of cozy elegance.

High-End Hardware

Where sophistication meets functionality for a truly luxurious touch.

Mercedes Benz Chassis

Our superior build quality is perfectly matched by the iconic Mercedes Sprinter chassis, inspiring confidence in our clients.

The Sprinter's turbo diesel drivetrain offers industry leading fuel economy, power, and longevity.

Boasting top-of-the-line value retention, your investment does more than satisfy your urge for adventure—it also serves as a smart financial decision for your future journeys.

Driving Excellence

VanCraft Sprinter vans are designed with the customer in mind. The cockpit offers the perfect balance of comfort, safety, and convenience.

Standard features* include 360° parking cameras, comfort leather seat package, 10.25" infotainment system with wireless Apple CarPlay, heated driver seat, dash technology package, blind spot monitoring, electric folding mirrors, keyless start, and more.

*Confirm van chassis options with sales rep, as not all Waypoint models offer identical chassis options.

VANCRAFT

Adventure in the
everyday

Everything You Need, Nothing You Don't

An interior layout that is the epitome of design excellence – fluid in transition, aesthetically satisfying, and perfectly functional for all your adventures.

Seating

The Waypoint offers seating for four individuals in total, featuring a plush leather bench seat with two FMVSS certified lap belts included for your safety and comfort.

Lagun Table

6-way adjustable table can be quickly removed and stowed with dedicated storage.

Passenger Seat Swivel

designed to optimize interior space by enhancing cabin flexibility and comfort.

Comfort

VANCRAFT

The Comfort of Home Wherever You Roam

Journey everywhere, feel at home anywhere.

Queen Size Bed

Features a 6" thick memory foam mattress; 5'9 wide and 6'4 long with the bench back extension.

Bench Back Extension

Our proprietary bench back extension deploys in seconds, and extends the length of the bed to 6'4.

Ventilation

Stay fresh and stealthy with the included low profile Maxxair roof fan.

If you're going to spend a lot of time in hot climates, upgrade to a fully off-grid 12V A/C unit.

Window Covers*

Enjoy the privacy and additional insulation from our custom magnetic window cover kit.

**Optional upgrade*

Insulation

Experience year-round comfort with the Waypoint's robust insulation system, designed for four-season comfort.

Diesel Heater

Ensure your winter adventures remain comfortable around the clock, even in the coldest conditions at elevations up to 12,000 ft.

Unlock limitless
adventure

VANCRAFT

Where Smart Storage Meets The Open Road

Everything you need right at your fingertips.

Industry Leading Storage

Whether you're looking for a weekend getaway or embarking on the Great American Road Trip, proper storage is key to a successful campervan trip.

The Waypoint offers industry leading storage space for cookware, groceries, clothes, gear, toilet, etc.

All drawers and doors come with a smart-latch system to ensure cargo stays quiet and secure while driving.

Every nook and cranny is optimized for gear storage

Compact and spacious closet with removable shelving system.

A total of four sleek and spacious overhead cabinets.

The Garage

Our open concept garage gives you total freedom when it comes to organizing your gear.

35" of height clearance makes mountain bike storage a breeze, and the 6'8 long storage bay on the driver side gives you ample ski and board storage.

Light up the night with the integrated bed-frame LED lighting system.

Convenience

VANCRAFT

Off-Grid Adventure Awaits

Robust and convenient systems unlock limitless adventure, wherever your path leads.

Self-Heated Lithium Battery

Our Renogy-powered electrical system utilizes a robust, expandable, self-heated lithium ion battery bank that is four-season rated.

Dual-Input Charging

Your battery bank receives charge from 330W of solar capacity on the roof and van's alternator via a smart charge relay. Between these two charging sources, and our thoughtfully designed electrical system, you never need to plug in your rig to power the systems.

Outdoor Shower

Experience the convenience of the Waypoint's instant hot water outdoor shower. Designed for ease and convenience, it offers a refreshing escape wherever you park.

Leading Water Capacity

The Waypoint is equipped with an industry leading 40 gal freshwater tank and includes an quick-winterize system designed to make winter camping a breeze.

No Exterior Holding Tanks

We have eliminated all exterior holding tanks from our design, which means less maintenance and more fun.

Advanced Tech Stack

The Waypoint's advanced tech stack keeps you charged, connected, and in control of your campervan systems.

Kitchen

Discover compact elegance in the Waypoint's kitchen, featuring a pressure regulated sink, induction stove top, and spacious 75-quart refrigerator.

Capability

VANCRAFT

Adventure In The Everyday

Venture beyond the beaten path with the Sprinter's industry leading ground clearance and our included off-road package - roof rack, hood wrap, light pods, tires, and rear ladder.

Protective matte black hood wrap and a two-tone light pod kit.

Rear door ladder and tow package; 5,000 lb tow rating.

Matte black wheels wrapped in 32" all-terrain Yokohama tires.
